

Executive Networks ENgage

Power in the Palm of Your Hand

What does that really mean to you as an Executive Networks member? How can you use that power to solve real problems and challenges you and your organization are facing?

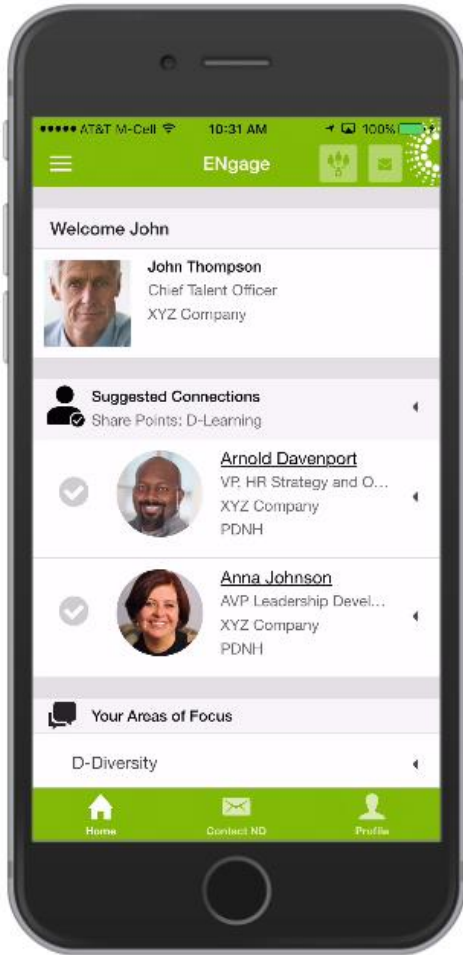

X 300 + Senior Leaders
15 or More Years Experience

Over 5000 Years of
Collective Peer
Intelligence

Let's start with a little data. Executive Networks has over 300 members—the senior leaders in the human capital domain from fortune 1000 companies around the world. Each of these leaders has 10, 15, or more years of experience, knowledge and wisdom. Now, do the math. That is over 5000 years of collective peer intelligence--powerful *INSIGHTS* into the disruptive and transforming forces we all face today.

We call this collective intelligence the *Executive Networks Knowledge Cloud*. It's permeable, dynamic, always changing, and it's our mission to help you put that power to work for you. We can help you find and utilize *ACTIONABLE* insights to proactively manage change in your organization.

share the same Areas of Focus. Use search to identify members and topics you can connect with across all Executive Networks.

ENgage puts the power in the palm of your hand. Take the next step and use it!

Our new mobile app, ENgage, literally puts the power of the EN Knowledge Cloud in the palm of your hand. Login once, and stayed logged in anytime, anyplace. ENgage makes it easy to get to know more about network members 24/7.

Review member profiles—Current Challenges, Areas of Focus, Sharepoints, and IT Systems deployed. Reach out to members directly by phone or email or request a facilitated connection from your Network Director. Start a conversation with a true peer who understands the challenges you face because they are the challenges they face.

Through a custom tag and profile curation process ENgage uses “machine learning” to suggest member connections to you and help you quickly and easily find members who
